Thank you.

What is happening at YMI? How is my money being put to use?

Joyous July! Jubilant July!

As we head into the second week of July I wanted to write and give you a "thank you" for your financial support as I work with Youth Missions International.

Your monthly donation is furthering the spread of the gospel as I am blessed to

connect and call forth young adults into the mission field. We currently have 6 young adults throughout the nations right now- including Portugal, Brazil, South Korea, North Ireland, and North India in addition to interns working with the BASE sports ministry throughout the states.

Last month, we did training with all 6 students to prepare them for the field before we sent them to the long-term and indigenous leaders which they will be working with. These students are getting trained and disciplined by the leaders in their corresponding places of service. We have been getting good reports back from all our interns; however it is now the third week that many are on-the-field and they are struggling with loneliness. Please lift these young men and women up in prayer as they have past "the honeymoon phase" of missions and are getting more settled in their locations. Also, many students are struggling with the language barrier and could use encouragement and breakthrough in relationships as they connect with locals through their missionary host.

Additionally the past few months I have been blessed to connect with ministry leaders and university department coordinators in eastern Washington and Portland, Oregon in addition to leaders throughout the Puget Sound area. I would like to ask for continual prayer as connections are made and recruiting schedules begin to get planned for the coming year. *If you know of anyone or any place that I should connect with please let me know! I am always open to new connections. Also, if you would like me to come speak with your church or small group I am available for that as well!*

Here is a picture of our interns at one of the college trainings in June. As you invest in me you are investing in training and sending young adults from throughout the nation to go and serve throughout the world.

I would love to hear what is happening in your life. Please let me know of anything you need prayer for and/or anyway I might be able to serve you!
You are a blessing.

"The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field."

Matthew 9:37-38
